

Quality Management System, scope of certification

Mors Smitt B.V. declares that all products produced and/or sold, calibrated or repaired by Mors Smitt B.V are in conformity with the ISO 9001:2008 standard.

Mors Smitt B.V. bases this Conformity Declaration on the wording of the Certification Body (Bureau Veritas France), which states that ISO 9001:2008 is an integrated standard of IRIS v2.3 and conformity to ISO 9001:2008 is verified during the annual IRIS audits.

Mors Smitt B.V. has one, overall Quality Management System which is compliant to IRIS v2.3 and also applies to all non-Railway products and activities. As ISO 9001:2008 is an integrated part of IRIS v2.3, all products produced and/or sold by Mors Smitt B.V are in conformity with the ISO 9001:2008 standard.
